The Board recognizes the need to provide guidance and overall direction to the IRHA regarding ethical issues prevalent in the health care system. The values of the IRHA will guide the Board in all of its ethical decision-making.

1. The Governance Committee will act as the Ethics Committee for the purpose of providing ethics leadership to the IRHA.
2. The Board shall use contemporary approaches to health care ethics, including the use of ethical decision-making tools.

Note: Refer to General Administrative Policy GA-1-180 Ethics for information (attached).
